Could you please think about what the DCI  
should say in response to the attached? Why  
don't we get together sometime Tuesday afternoon,  
25 June, to discuss and perhaps you can bring  
along a few paragraphs that you think might  
fill the bill.

SUBJECT: Central American Economic Development

Our recent discussion on Central American economic development underscored the scope and magnitude of the problems confronting us as we seek to improve regional security and economic prospects. I was encouraged by the range of imaginative ideas suggested at the meeting and urge each of you to give further thought to practical areas of assistance which your departments might be able to undertake within existing budget constraints.

We have an important obligation to ensure that one of the legacies of this Administration is improved prospects for peace, democracy and economic progress for the people of Central America. I ask all of you to help in this task. Please let me have your comments before the end of June.

Thank you.
